Leopard Cyber Academy is an option offered to students who desire computer-based instruction in a flexible, nontraditional setting. Instead of attending a traditional brick and mortar school and classroom, students take Internet-based courses taught by highly qualified teachers as well as an on-site mentor to support instruction and learning. The cyber program, available to students in grades 6-12, offers online curriculum aligned with the Ohio Academic Content Standards and/or Common Core State Standards. We strive to provide rigorous curriculum consisting of courses in English, math, science, and social studies, as well as, elective courses. The highly qualified staff is committed to offering students the best online educational experiences possible.

It is the position of Liberty Local Schools that the students who are successful in home-based cyber education programs demonstrate effective independent work habits and a personal commitment to learning. Strong parental support and participation is vital to student success.

Leopard Cyber Academy students who are in good standing are able to enjoy all of the academic, extra-curricular, athletic and social opportunities available to traditional district students.

The following pages include the middle school (grades 6-8) and high school (grades 9-12) courses that will be offered to students online. Please take time to look over the specific courses for your child.

*Liberty Local Schools established the Leopard Cyber Academy and reserves the right to deny admission to the program if it does not serve the best educational interests of the student.*

By enrolling in the Leopard Cyber Academy, the following opportunities will be made available to students:

- 🐾 **Access to Fuel Education's curricula and courses.**
- 🐾 **Receive daily online monitoring and assistance by highly qualified teachers and weekly onsite help from the Leopard Cyber Academy mentor.**
- 🐾 **Attend the onsite supervised computer lab weekly with transportation provided by the district to students living in the Liberty Local School District.**
- 🐾 **Receive a loaned personal computer for course work while a student in good standing at Leopard Cyber Academy.**
- 🐾 **Parents will receive weekly progress reports on their child's performance.**
- 🐾 **Eligible to participate in all extra-curricular activities sponsored by the Liberty Local Schools.**
- 🐾 **Receive a Liberty Local High School diploma upon graduation.**

## **Academic Integrity**

Students who enroll in the Leopard Cyber Academy will be held to the highest standard of academic integrity. These standards include:

- 🐾 **Agreeing to and signing a student agreement form that outlines the student's rights and responsibilities.**
- 🐾 **Compliance with the acceptable use of loaned and onsite lab computers and computer lab rules.**
- 🐾 **Honesty in all academic matters, as outlined in the Student Code of Conduct, is expected from all students. Any attempt to cheat, plagiarize, falsify information, or receive credit for work you did not do will be considered dishonest behavior and will be dealt with accordingly by the instructor and/or mentor.**
- 🐾 **All end of unit exams (summative assessments) will be password-protected and must be completed on-site in the lab in a proctored setting with the mentor present.**
- 🐾 **Students will not be permitted to utilize Internet sites such as Google, or any question and answer website to complete assignments and assessments.**
- 🐾 **Cell phones must be off during onsite lab visits.**
